

## Register and watch a paid for webinar

We are pleased to be able to bring you a new strand to our training which is more flexible for your needs. In 2020 we all had to learn new ways of working and we adapted with moving our training online. We have split the training up into bite size modules all of around 1 hour long.

This means that you do not have to take a day out for the training but can fit it in around your existing work, there is no need to travel to training venues and you can watch the webinars over and over again for 30 days free of charge.

How do I register for a webinar:

1. Visit [www.datadevelopments.co.uk](http://www.datadevelopments.co.uk) and click on the 'Training' link
2. Click 'Purchase Now' on the webinar you would like to watch

A dark grey, rounded rectangular button with the text "Purchase Now" in white, centered.
